

ABOUT US

Located in Tauranga,
BTI offers part-time, full-time
and distance study options.

We are a growing community of learners who are motivated by a Christian faith that is meaningful to us and fuels our passion to be agents of positive change. We want to make a difference in the world and we wish to attract those who want to do the same.

**Our motto here is:
Great Hearts + Great Minds + Great Practice.**

This motto sums up our dedication to both personal and professional growth; our belief that we can inspire and encourage people to grow holistically as well as academically. Stretching our students towards excellence in their chosen field is a high priority and developing the "whole person" as an integral part of that process is really important to us.

This approach makes our graduates stand out from the crowd, be different and most importantly make a difference in the lives of others.

WHAT OUR GRADUATES SAY...

"Supportive environment, quality education and a beautiful Christian ethos."

"BTI is more than an academic institute; it's a community and a place to grow."

"The tutors are amazing and care for you and your studies."

"I have grown so much in terms of personal and professional development. I love how BTI constantly challenges students to become not just a good teacher, but a great one."

"BTI is excellent in showing you how to develop Christ-like characteristics required to become an effective teacher and not just how to teach. A point of difference is the emphasis on becoming a 'relational' teacher/ person in order to make meaningful connections, enhance job satisfaction and sustain a career in the teaching profession."

"BTI is not just about the qualification. It is about learning and living as Christ expects us in the classroom environment. I am not the same person because of BTI and I am so blessed to have been educated by those who have such a passion for individuals and education through a biblical perspective. BTI has an amazing way of developing people into passionate teachers."

CONCEPTUAL FRAMEWORK

Wise educators who are gracious, secure, and teachable, and whose professional practice is relational, responsive, and transformative.
